

## **Mastercraft Interiors to liquidate**

**Publish Date:** 05/22/2006

Beltsville, Md.— High-end Washington-area retailer Mastercraft Interiors has filed for bankruptcy and will shut its five remaining stores, citing mounting debt, a liquidity crisis, poor sales, new competition and its inability to find a buyer for the business.

**Details:** The retailer has asked the bankruptcy court for approval to bring in liquidators Planned Furniture Promotions and Great American Group to sell inventory at four stores and the distribution center.
